What's New...

Hi Anthony

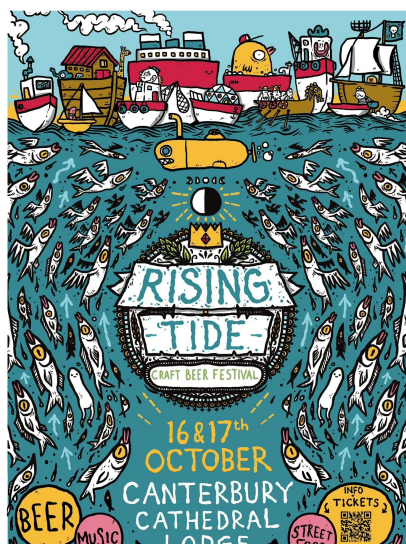

Beer News

We've packaged **Spratwaffler** this week, our flagship 3.7% IPA, and next week it will be **Lighthouse Lager** (4.9% helles style lager).

Sprat is our **6 for 4 Fresh Beer of the Week** — available direct from the brewery this weekend (and while you're there, check out our brand new **limited edition Sprat t-shirts**).

Rising Tide is getting ever closer, and we still have some tickets remaining. The brewery line-up is looking immense with the likes of **Duration, Palindrome, Beak, Braybrooke, Orbit, Abyss, Kentish Pip, Two Flints, Tuletorn (Estonia) and The Kernel, plus us**, so if you're planning on joining us in October, now's the time to get yours booked. We're about to announce **live music** at each session, and some amazing **DJ's**, plus we will have some **free tastings** and some **pop up talks** you can pop along to which will be hosted by some of the breweries. We can't wait to see you there.

And finally, our **autumn taproom hours have commenced**, with the brewery open **Friday-Saturday**, see below for details.
